

# Start fresh this summer with a new automatic wrapper

Automatic wrappers add efficiency to any application by providing fast, high-quality, attractive packaging every time.

## Rice Lake-Ishida WM-Ai Automatic Wrapper

- Weighs, wraps and labels up to 35 packs per minute
- Large LCD color touchscreen
- Stores and prints graphics for custom labels

## Rice Lake-Ishida WM-Nano Tabletop Wrapper

- Wrap up to 15 packs per minute
- Backlit LCD color touchscreen
- Selectable bar code formats

## Rice Lake-Ishida Hand-Wrap Stations

- Ideal for manual applications and compact spaces
- Fast printing speeds with multiple label formats
- Ethernet or Wi-Fi communications

To learn more about adding automatic wrappers to your facility, contact Kanawha Scales.
