

*Turn investment into profit—
Kanawha Scales' agriculture products
make a measurable difference in farming
and agricultural applications.*

AGRICULTURE

Kanawha Scales & Systems offers ALL scale services from truck scale and rail scale calibration to mechanical and structural services. We design solutions for, install, calibrate, and repair all industry brands.

24/7 EMERGENCY SERVICE

Repair and maintenance service is available 24 hours a day, 7 days a week. Technical phone support is provided any time you call, every time you call.

PREVENTATIVE MAINTENANCE CONTRACTS

The health of your essential measurement equipment is directly tied to your bottom line. Ensure longevity and peak performance with regularly scheduled maintenance. Extend the life of your equipment and prevent lost revenue.

LOAD TESTING

Load testing to ensure safety for employees and equipment. We provide tests nationwide and have the ability to provide weights, sleds and riggings for all load testing.

CALIBRATION AND REPAIR

All calibrations are performed to NIST Handbook 44 standards to ensure that your scales are performing accurately.

TRUCK SCALE RENTAL

Meet short-term or occasional needs quickly and efficiently without a major capital investment. Our rental fleet is calibrated to accreditation standards, just as every scale we service. Expect precision and accuracy even in a rental.

OVERHAULS, UPGRADES, CLEANING & MORE

Your old scales may not need to be completely replaced. We can overhaul and upgrade your scales to like new condition with new load cells, peripherals, deck repairs, and regular, proper cleaning.

We Provide More than Equipment — We Provide Solutions.
