

CHEMICALS & PLASTICS

Scales and custom solutions for efficient and profitable chemical manufacturing.

KSS has been working with chemical manufacturers and plastics manufacturers since our inception in 1954. We help plants automate processes, improve quality and output, reduce their use of raw materials and more. We know that in your competitive industry, consistency, safety, and quality are non-negotiable. So, we offer a variety of weighing products and solutions for your processes, including raw material management, quality control, efficient production, and maintaining safety in harsh environments.

24/7 SERVICE

KSS provides emergency repair and maintenance service 24 hours a day, 7 days a week, year round. Technical phone support is provided any time you call, every time you call.

REPORTING

WebView+ gives you web access to your scale info, repair histories, and calibration certificates. Download custom reports, determine budgetary needs, and place service calls online with our reporting portal.

CALIBRATION & REPAIR

Standard repairs, emergency repairs, and regularly scheduled contractual maintenance - we'll be there. Calibrations are performed to NIST Handbook 44 standards to ensure your scales are accurate.

TECHNICIAN TRAINING

Our service technicians are factory trained and state registered where applicable. They participate in our intense training program, designed to ensure they are knowledgeable in all aspects of the weighing industry.
