

# MANUFACTURING

*Scales and custom solutions for efficient and profitable manufacturing.*

Manufacturing operations choose KSS for their weighing needs, not just for the high-quality weighing products we offer, but also for our knowledge and experience in providing turnkey industrial automation solutions, custom programming, and our unmatched service available 24/7. From counting scales, bench scales and checkweighers to metal detectors and floor scales, we offer equipment to ease virtually every aspect of manufacturing processes.

## 24/7 SERVICE

KSS provides emergency repair and maintenance service 24 hours a day, 7 days a week, year round. Technical phone support is provided any time you call, every time you call.

## REPORTING

**WebView+** gives you web access to your scale info, repair histories, and calibration certificates. Download custom reports, determine budgetary needs, and place service calls online with our reporting portal.

## CALIBRATION & REPAIR

Standard repairs, emergency repairs, and regularly scheduled contractual maintenance - we'll be there. Calibrations are performed to NIST Handbook 44 standards to ensure your scales are accurate.

## TECHNICIAN TRAINING

Our service technicians are factory trained and state registered where applicable. They participate in our intense training program, designed to ensure they are knowledgeable in all aspects of the weighing industry.

**Turn investment into profit! Kanawha Scales' chemicals & plastics industry weighing solutions make a measurable difference.**

#### **TRUCK SCALES, DATA COLLECTION SYSTEMS & SCALESIDE HARDWARE**

We offer many rugged and efficient truck scale brands, and a full line of attended or fully automated systems for your shipping or receiving operations. Make your truck scale operations more efficient and the data readily available in meaningful and timely reports!

#### **BENCH & COUNTING SCALES**

Bench and counting scales are super versatile and used in many industries. Portable and compact, they are programmable and customizable for any application.

#### **FORKLIFT SCALES, PALLET JACK SCALES, & PIONEER SOFTWARE**

Efficient material handling is required to remain profitable. Weigh on the move with forklift and pallet jack scales that retrieve accurate weight, resulting in accurate freight charges and regained revenue. Eliminate human error, send data wirelessly, and manage your scale data with our proprietary *KSS Pioneer Forklift Scale Software*.

#### **FLOOR SCALES & INDICATORS**

The floor scales we offer are precise, ruggedly constructed, and reliable even in harsh conditions. Use them alone or as a component of a fully customized application. Our weighing experts will consult with you and get to know your processes to recommend the perfect floor scale solution for your success.

#### **TANK/HOPPER/SILO SCALES**

Filling tanks and hoppers properly, without underfilling or overfilling, means accurate weighing is non-negotiable. Fill to perfection every time without interruptions. We offer variety of options to meet the needs of many industries – all of which rely on accurate weighing to control inventory.

#### **CUSTOM APPLICATIONS**

Our expertise exceeds industrial scales and weighing applications. Our Technical Services team specializes in process control, material handling, and data management applications. Around the world, we deliver customized solutions that ensure efficient and cost-effective ways of doing business.
