

WOOD, PULP & PAPER INDUSTRY

Analzers, belt scales, custom software, and more for efficient and profitable manufacturing.

Pulp and paper manufacturers are constantly challenged to improve efficiency while balancing environmental concerns. For the paper and printing industries, tablets and computers threaten to replace paper. KSS can help you implement the best equipment and processes for measuring raw materials, controlling inventory, and monitoring outgoing waste, in order to operate as cost-efficiently as possible.

24/7 SERVICE

KSS provides emergency repair and maintenance service 24 hours a day, 7 days a week, year round. Technical phone support is provided any time you call, every time you call.

REPORTING

WebView+ gives you web access to your scale info, repair histories, and calibration certificates. Download custom reports, determine budgetary needs, and place service calls online with our reporting portal.

CALIBRATION & REPAIR

Standard repairs, emergency repairs, and regularly scheduled contractual maintenance - we'll be there. Calibrations are performed to NIST Handbook 44 standards to ensure your scales are accurate.

TECHNICIAN TRAINING

Our service technicians are factory trained and state registered where applicable. They participate in our intense training program, designed to ensure they are knowledgeable in all aspects of the weighing industry.

Turn investment into profit! Kanawha Scales' wood, pulp, and paper weighing solutions make a measurable difference.

MOISTURE ANALYZERS

Paper can easily become too wet or too dry, making moisture monitoring critical to production. Measure and manually or automatically control moisture levels and more during the paper/converting process, improving product quality and increasing productivity, which means substantial cost savings.

TRUCK SCALES, DATA COLLECTION SYSTEMS & SCALESIDE HARDWARE

We offer many rugged and efficient truck scale brands, and a full line of attended or fully automated systems for your shipping or receiving operations. Make your truck scale operations more efficient and the data readily available in meaningful and timely reports!

FLOOR SCALES & INDICATORS

From rugged, dependable floor scales to advanced programmable indicators, KSS offers everything to meet the varied needs of our customers.

BELT SCALES

Weigh and measure the flow rate and production of bulky, heavy materials in-motion, assuring that you are meeting production output goals and experiencing no downtime for weighing. We can customize and integrate belt scales and accompanying systems specifically to your needs.

CUSTOM APPLICATIONS

Our expertise exceeds industrial scales and weighing applications. Our Technical Services team specializes in process control, material handling, and data management applications. Around the world, we deliver customized solutions that ensure efficient and cost-effective ways of doing business.
