

# SCRAP RECYCLING & STEEL MANUFACTURING

*Scales and custom solutions for efficient and profitable scrap recycling and steel manufacturing.*

Scrap recycling and steel manufacturing operations depend on scales as the basis for transactions. KSS provides rugged truck scales, rail scales, floor, and bench scales that are legal for trade and provide accurate weights for pricing products. To help you prevent costly radioactive contamination of your scrap yard, steel plant, equipment, product, and personnel, we offer top rated radiation detection systems.

### 24/7 SERVICE

KSS provides emergency repair and maintenance service 24 hours a day, 7 days a week, year round. Technical phone support is provided any time you call, every time you call.

### REPORTING

**WebView+** gives you web access to your scale info, repair histories, and calibration certificates. Download custom reports, determine budgetary needs, and place service calls online with our reporting portal.

### CALIBRATION & REPAIR

Standard repairs, emergency repairs, and regularly scheduled contractual maintenance - we'll be there. Calibrations are performed to NIST Handbook 44 standards to ensure your scales are accurate.

### TECHNICIAN TRAINING

Our service technicians are factory trained and state registered where applicable. They participate in our intense training program, designed to ensure they are knowledgeable in all aspects of the weighing industry.

**Turn investment into profit! Kanawha Scales' scrap processing and steel manufacturing weighing solutions make a measurable difference.**

#### **TRUCK SCALES, DATA COLLECTION SYSTEMS & SCALESIDE HARDWARE**

We offer many rugged and efficient truck scale brands, and a full line of attended or fully automated systems for your shipping or receiving operations. Make your truck scale operations more efficient and the data readily available in meaningful and timely reports!

#### **BENCH & COUNTING SCALES**

Weigh in increments from micro grams to kilograms with precision, accuracy, and reliability with lab balances and counting scales. Portable and compact, they are programmable and customizable for any application.

#### **FLOOR SCALES & INDICATORS**

From rugged, dependable floor scales to advanced programmable indicators, KSS offers everything to meet the varied needs of our customers.

#### **RADIATION MONITORING**

You need a system to reliably detect any low level radioactive sources before they enter or exit your facility. With RadComm radiation detection systems you can protect your business, your people, and the environment.

#### **CUSTOM APPLICATIONS**

Our expertise exceeds industrial scales and weighing applications. Our Technical Services team specializes in process control, material handling, and data management applications. Around the world, we deliver customized solutions that ensure efficient and cost-effective ways of doing business.
