SERVICE LIKE NO OTHER
We Provide More Than Equipment — We Provide Solutions.

LEADING THE 'WEIGH' WITH INNOVATIVE SOLUTIONS AND TECHNOLOGY.™

PROVIDING ALL YOUR LOAD TESTING SUPPLIES

Kanawha Scales & Systems offers weights, rigging, and equipment and services for crane and elevator testing; including bridge, gantry, monorail, and jib cranes of all capacities. Load testing is required by safety regulations, national standards and manufacturers to ensure workplace safety for employees and equipment. KSS can provide test services nationwide as we have the ability to provide weights, sleds and riggings for all testing. The KSS load testing procedure checklist ensures that the load tests are performed properly and comply with OSHA 1910.179 or applicable ANSI load test requirements. While crane certifications must be provided by an accredited crane testing agency, KSS can supply:

Certified Weights for load testing up to 225,000 lbs.

Stationary Load Testing Platforms that offer compact size for high capacity load testing, up to 100,000 lbs., in confined spaces. We also offer a SUPER capacity load testing platform for single lifts up to 225,000 lbs.

Powered Weight Carts which provide efficient weight transportation throughout plants usually only accessible by forklifts. Features include:

- Gasoline powered.
- Hydrostatic driven.
- Self propelled.
- Compact and highly maneuverable.
- Portable load capacity up to 37,000 lbs.

WEIGHT RENTALS

- Various size and increments of weights ranging from 1, 5, 10, 25, 50, 500, 1000 and 2000 lbs.
- Various quantities of weights available for load tests up to 200,000 lbs.

CRANE SCALE RENTALS

- Applications where certified weights will not work and unknown objects are used.
- Various capacities available including: 5000, 10,000, 20,000, 60,000, and 100,000 lbs.

SERVICE LIKE NO OTHER
We Provide More Than Equipment — We Provide Solutions.

For over 55 years, Kanawha Scales & Systems (KSS) has built its reputation around the highest level of customer support, innovative technology, and dedicated account management required by customers around the world.

24/7 AVAILABILITY

KSS has always provided repair and maintenance service, available 24 hours a day, 7 days a week. In addition, technical phone support is provided any time you call, every time you call.

NATIONWIDE SERVICE

Through a network of more than 200 dedicated service partners, KSS provides service in all 50 states. All of our service partners are held to the same high standards of quality that we set for ourselves.

TRAINING

Service technicians are factory trained and state registered where applicable. They are also required to participate in the KSS Service Technician Training Program. This program was designed and developed to ensure that our technicians are properly safety trained and knowledgeable in all aspects of the weighing industry.

CALIBRATION AND REPAIR

KSS provides standard repairs, emergency repair service, and regularly scheduled maintenance contracts. All calibrations are performed to NIST Handbook 44 standards to ensure that your scales are performing accurately.

DATA MANAGEMENT AND REPORTING

WebView Plus online reporting provides web access to all of your scale information, repair histories, and calibration certificates. Download custom reports, determine budgetary needs, and even place service calls online.

*Kanawha Scales & Systems, has
the experience and personnel
to get the job done right.*
